

# 2019 – 2020 Registration for Flatland Freestyle Ski Club

## 1. Register online at CFSA (see below for details)

Each skier must register as a member of Canadian Freestyle Ski Association (CFSA).

Registration is done online at <https://www.freestylecanada.ski/en/membership/individual/>

Select FREESTYLE SASKATCHEWAN, which will bring you to the new online system SnowReg (which replaces Goalline).

Click on [Join/Renew Freestyle Saskatchewan Individual Membership](#). This brings you to the SnowReg login page.

If you are new to the sport or if you were registered last winter, go to Create an account at the bottom of the page.

If you already purchased a membership on Goalline for 2019/20 (maybe you went water-ramping this summer?) enter the email address you used for Goalline and click Reset Password. SnowReg will send you an email with a password, then you can proceed to log in with new password.

SnowReg will allow you to register your whole family in one place. If you have any trouble, there is a help file on

<https://www.freestylecanada.ski/en/membership/individual/>

Go to the bottom of the page, select HELP GUIDES and click on How-to-Register

- FUNdamentalz (Jumps & Bumps) and Freestylerz athletes should register under Club Athlete **The cost is \$45.**
- Competitive and Development Program athletes will be attending out of province competitions that are at a higher level than a Club Competition and therefore should register under Provincial Athlete **The cost is \$92.00.**
- Parents are strongly encouraged to sign up as an "Volunteer"; this is a requirement to volunteer on the hill during the season as well as accessing our training site. **The cost is \$25.00.**
- Athletes who move into a higher competition category can upgrade their status later in the season.
- Please print the CFSA membership confirmation and include it in the registration package, we had issues with some athletes last year being signed up, but the website did not show that they had. Having a copy of the confirmation makes it easier for us to get CFSA corrected.
